NEWSLETTER

March

Thank You!

Thank you to EVERYONE who took the time to participate in the Big Plastic Count this month. We had 35 forms returned- everyone who joined in will get a certificate and the winners of the Eco Book raffle will be announced before the end of term.

Earth Day- April 22nd

On Monday 22nd April we would like to invite all children to wear green and blue to mark Earth Day 2024. We ask for an £1 donation on the day to raise money for plants for our new Wildlife Garden. Earth Day is an international day that aims to raise awareness of the need to look after and protect our planet. This year's theme is Planet vs Plastic and the children will spend part of the day learning about environmental issues and designing a product with an eco-theme.

Wildlife Garden Update:

During the winter, the Eco Warriors have spent time designing possible layouts for the Wildlife Garden and have decided on some features they would like to include. There will be a path running around the space with a wild flower bed in the centre. They have all agreed that we should definitely include bird feeders and bug hotels. We have also discussed the need to harvest rainwater so we are hoping to connect a water butt too.

After Easter, Mrs Bradbeer will be running a Gardening Club (years 3-6) to get started on the weeding, digging and planting. There will be a letter sent out with more details in week one of next term.

St Peter's Eco-Warriors meet every two weeks.
